SW asked if we could vote for the new Vice-chair next week. SA to bring voting slips to the meeting.

Some children had complained about the quality of the supply teachers in school. They felt that there were some great supply teachers who were well prepared and delivered good exciting lessons. But some were considered to just babysit. We talked about how the supply teachers were bought in. Some of the younger children didn't know that we had to pay for them.

We went on to discuss the teaching at Sharrow. We talked about our excellent outcomes and the children said that this could only have been achieved if they had good/outstanding teaching. All the council agreed that their teachers were great and made lessons exciting and fun.
